AMERICAN OFFICER WHO SWAM MARNE UNDER RAIN OF HUN BULLETS AND RESCUED FRENCH COMRADE SURROUNDED BY ENEMIES.

Lieut. Walter R. Flannery of Pittsburgh, who, during the recent fighting along the Marne, in which the United States Marines have so distinguished themselves, accomplished the feat for which he has been decorated with the French war cross, the first conferred upon an American in the Marne fighting. A French sergeant, surrounded by Germans, was in imminent danger of death or capture. Seeing, from the other bank of the river, his predicament, Lieut. Flannery plunged into the water, swam to the other bank under a terrific fire, "cut out" his French comrade-in-arms, incidentally killing several of the enemy and returned to the American side of the stream with the sergeant.

PRISONERS, CANNON AND MACHINE GUNS TAKEN IN ASSAULT

(BY ATLANTIC CABLE AND A. F.)

PARIS, June 12.—The French troops have made further advances around Belloy and St. Maur and have captured 400 additional prisoners, some cannon and machine guns, according to the War Office announcement tonight. They have also reoccupied Montcourt and part of Bussieres, north of the Marne.

The official report says that the French troops were withdrawn east of the Oise, along the line of Bailly, Tracy-le-Vale and Nampool, under the protection of covering detachments, without the enemy being aware of the movement.

While most of the German attacks were repulsed, the enemy succeeded in getting a foothold on the southern bank of the Matz River, occupying the village of Melicocq and adjoining heights.

FOUR GERMAN DIVISIONS DECIMATED.

WITH THE FRENCH ARMY IN FRANCE (Noon) June 12.—On a width of battle front, 3000 yards in extent, no fewer than four German divisions (more than 50,000 men) were preparing to hit a hard blow, when the French yesterday launched a highly successful counter-attack southeast of Montdidier. The density of the German troops was fatal for them, because the Entente Allied artillery—machine guns, riflemen and aviators—were able to aim point blank into these masses of men. This concentrated fire did terrible execution.

ALLIED LINE FIRMLY HOLDS IN CENTER. The battle continued throughout the night and in the early hours this morning, when the Entente Allies made a further advance to the east of Melzy, which is a most important point, as it commands the valley. Toward the center the enemy launched several attacks today, but the line held firmly, although some enemy detachments succeeded in filtering into the Matz Valley through the wooded country.

TRY TO REDUCE OUR SALIENT SOUTH OF OISE. South of the River Oise, and also south of the Aisne, the Germans showed much activity today, endeavoring to reduce the Allied salient. The spirit of the Allied infantrymen when they went forward in their

AMERICANISM KEYNOTE OF FICKERT'S PLATFORM.

Candidate for Nomination for Governor Announces Principles.

EXCLUSIVE DISPATCH. SAN FRANCISCO, June 12.—Americanism is the keynote of the platform on which Charles M. Fickert, District Attorney of San Francisco County, seeks the nomination for Governor of California. The platform was announced tonight by Mr. Fickert as his formal entrance into the race.

The principles which will govern should Mr. Fickert be the choice of the State's voters will include firm handling of the E.W.W. and all law violators, and every possible support of the Liberty Army in Europe. The necessity for reducing the State's expenses is mentioned with a direct promise that Mr. Fickert will do his part in limiting the number of commissions now burdening the State. He adds that the State's funds will be economically handled, with the intent of greatly reducing expenses for State purposes.

SMOOT PENSION BILL NOW LAW. Provides Payments of from \$30 to \$40 Monthly to Civil War Veterans.

WASHINGTON, June 12.—The Smoot pension bill was passed by the Senate June 4 and by the House June 7. It was signed by the President yesterday. It provides pensions of from \$10 to \$40 a month, according to length of service for Civil War veterans 12 years old or older. The bill increases the pension roll by \$35,000,000 a year.

MERGE ALLIED BUYING INTO HUGE WAR POOL.

VAST MOBILE ECONOMIC MACHINE PROPOSED TO BACK MILITARY FORCES.

WASHINGTON, June 12.—Pooling of all economic resources of America and the nations allied against the Central Powers, was a step nearer today after the weekly meeting of the President's war Cabinet. One of the moves planned in the project for welding into a vast mobile machine the entire economic power of the United States and the Allies behind the military forces is the creation of a munitions council with headquarters at one of the Entente capitals.

Under a tentative plan outlined, the munitions council would be divided into two parts, food and war materials. On the former would sit representatives of the food ministries of the Allies and a representative of the Food Administrator Hoover. On the latter, Allied munitions heads would sit with a representative of the War Industries Board.

DR. LOMONOSOFF, RAILWAY MISSION HEAD, UPHOLDS BOLSHIEVISM.

WASHINGTON, June 12.—Bois Bakmetoff, the Russian Ambassador, informed the State Department today that he had dismissed Dr. G. V. Lomonosoff, head of the Russian railway mission to the United States because of a statement the latter issued in New York Monday opposing Allied intervention in Russia and upholding the Bolshevik government.

The Ambassador gave notice that he is the only person in the United States authorized to speak officially for Russia, and said no one connected with the embassy or under its jurisdiction was at liberty to make political statements of any character whatever.

PRESIDENT OPPOSES RANDALL AMENDMENT.

NOT AVERSE TO SEPARATE PROHIBITION MEASURES, BUT IS AGAINST RIDERS.

WASHINGTON, June 12.—While not opposed to introduction of any separate prohibition legislation Senators may see fit to offer, President Wilson, it became known today, is opposed to attaching any prohibition amendments to pending appropriation bills.

It was learned today that the President not only opposes the Randall amendment to the emergency agricultural bill, which would prevent the expenditure of about \$4,000,000 until he prohibits use of foodstuffs for the manufacture of beer and wine, but also opposes the bond-dry prohibition provision, which Senator Jones of Washington has introduced.

Battle Half Won, Confidence Expressed by Allied War Experts; Reserves to Turn Tables

GERMANS TOLD FRENCH
RESERVES DO NOT EXIST.

Actual Situation at Front Held Proof
Von Hein Lies; Allies are not
Depleting Forces.

(BY A. P. DAY WIRE.)
WASHINGTON, June 12.—Announcement by the Prussian War Minister to the Reichstag that the so-called French reserve army no longer exists is regarded by officials here as designed to encourage the German population.

If Gen. Von Hein in his Reichstag speech intended to convey the impression that the Allied reserve power had been exhausted from the German assault, the actual situation at the front stands as a flat contradiction. The French reserve army, which might mean a wholly different thing, although designed to be construed as the announcement of a great victory.

Before the German attack was made, the supreme war council at Versailles had decided to create a reserve army for limited purposes of a mobile force of some 400,000 men composed of 200,000 French, 200,000 British, 200,000 American, and 200,000 Italian, which was to have been employed mainly to support offensive operations of the front.

The organization of this army was never completed, however, the emergency created by the German offensive causing a wholly new pooling of resources. The French reserve army now directed the employment of all active as well as reserve armies. No army now exists which could be called the French reserve army, because, as supreme commander, that officer has under him all of the forces facing the German onslaught.

The Prussian War Minister's statement, however, admittedly touches the very heart of the problem facing Gen. Foch. The fact that although under increasing attack since March 21, the Allied and American forces, which were back in anything approaching a major operation is regarded as conclusive proof that the supreme commander, backed by the supreme war council, is striving by every means in his power to stem the German rush and without depleting his own forces. If he is successful, and there is now every confidence both here and abroad that the battle is half won, officers here believe he can turn the tables on the enemy ultimately and use his reserves to crush German ambition finally.

RESERVE VITAL.
The reserves on both sides are the vital factors in the battle that is being played out, with the Allied supreme commander matching wits against the German General Staff.

Officers here say high tribute to the French.

Crowder's Order Goes Into Effect
in California July 1—Citizens to Report Idlers.

(BY A. P. DAY WIRE.)
SACRAMENTO, June 12.—Instructions for the enforcement of the "work or fight" regulations promulgated by Governor Crowder and which become effective July 1, were received today by AGS-Gen. Borres.

Gen. Borres ordered copies mailed to every draft board in the State. The local boards are instructed to summon any man of draft age who may be idle or is engaged in nonproductive occupations, within not less than three nor more than seven days after the date of sending the notice, to offer explanations, or become engaged in productive employment.

Citizens are requested to report cases of idlers or of persons engaged in nonproductive employment.

The so-called Foch reserve army no longer exists, the Minister asserted.

WAR OFFICE
STATEMENTS.

(BY ATLANTIC CABLE AND A. P.)
PARIS, June 12.—The battle continued during last night on the front between Montdidier and the River Oise, without great change in the situation, the War Office announced today.

On the French left, additional progress was made by French troops in the region east of Mary and Genlis Wood.

Near the center, along the Aronde front, in the region of St. Maur, the Loge farm, Marchement and Anthelm, the French repulsed violent attacks by the enemy.

Despite repeated efforts, the Germans on the French right were not able to debouch on the south bank of the Matz River.

The French are holding in that part of the battle area south of Chevriercourt and Mareuil-sur-Matz.

South of the Aronde, on the front between Solismes and the Matz River, the Germans attacked this morning.

Fighting is going on between the river and the Villers-Coterets front, the French troops are being fought on the front of the Matz River.

ON WEST FRONT.

SUMMARY FOR 24 HOURS.
Further gains have been made by the French troops in the fighting in the region between Montdidier and the River Oise, the center of the line, 400 additional Germans have been taken prisoner and some guns and machine guns have been taken, says the Associated Press.

Numerous German counterattacks have been repulsed, and the enemy succeeded at one point in crossing the Matz River.

On the eastern side of the Oise River the French have carried out a strategic retirement along the line of Belloy, Trucy-Vall and Nampel, unobserved by the enemy.

SUCCESS NORTH OF MARNE.
Further south, north of the Marne, in the region of Chevriercourt and Mareuil-sur-Matz, the French troops are being fought on the front of the Matz River.

Million-Dollar Inheritance Tax to be Collected by Force After Ten Days.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, June 12.—The government has taken the lead in causing the whole nation to pause, for an instant at least, in prayer for victory and a victorious peace for our troops "over there." Aided by The Times and artists and thinkers everywhere, the idea of Mrs. Gertrude Doods Treher of Hueneme, Cal., is spreading to every hamlet in the land. Mrs. Treher has presented the idea of a national Angelus and moment of prayer for victory to President Wilson with the prospect of favorable action. She addressed a mass meeting here as a result of which the national capital will have an Angelus at noon.

The Geo. J. Birkel Co. Are Exclusive Agents for Estey Pianos and Estey Organs

For 72 years the name Estey has been synonymous with the best in the Organ and Piano world. The Esteys founded this notable institution and today the third generation of Esteys is building the same value into its Pianos and Organs which established their reputation in the past. In his day, Jacob Estey, the founder, was proud of this reputation, proud of his facilities and equipment and the superior quality of his products, but the present factory and the present Estey output and reputation far surpass his fondest dreams.

When you buy an Estey Organ or Piano you can be absolutely sure that every dollar of your money is buying better quality. It is buying the best procurable materials, the most skilled and conscientious workmanship

—a product of the largest and best equipped factory of its kind in the world—an instrument that is the result of 72 years' experience in the science of organ and piano building.

Liberal Terms Arranged to Suit

The Estey Grand is small in size but wonderful in tone and action. Numerous testimonials from some of our leading music teachers tell of the exceptional wearing and tonal qualities of this remarkable little instrument. The price is only \$700

The Estey Upright at \$395 for apartment or bungalow is the smallest Upright made. Its tone is rich and is strong enough to fill any room yet is especially suited to small spaces. The Estey is made in Uprights of two sizes—the larger style at \$425 to afford bigger tone possibilities.

The Estey Reed Organs for home, for church or lodge use can be purchased at practically any price you might wish to pay, ranging from \$50 to \$1000 \$395 \$425

No bread cards in America if you do your part

THE world is short of food. Abroad, in the warring countries, where harvests have been reduced, and the want of food is distressing, whole nations must do their marketing with food cards. Everyone must wait his turn, must limit his daily food to the minimum.

Here in America, though many are saving, others are still wasting foods—wasting enough to feed millions.

What are you doing in your home—saving or wasting?

There is pressing need for everyone to save the food and stop the waste—not only to help feed our fighting men, and those of our Allies, but also to make unnecessary the dreaded bread card.

"Bread for all, if none is wasted"—HOOVER

Wheat is the most important food of all to save. The world's demand on America for wheat is stupendous—America has never failed, but there will be wheat for all, only, if every American home saves and stops the daily waste of bread and flour.

STAY IN SCHOOL, IS DR. EVANS' ADVICE.
IDEALS OF MANY CHANGED BY WAR, DECLARATION AT REDLANDS COMMENCEMENT.

REDLANDS, June 12.—Eighty graduates of Redlands High School received their diplomas last night at the most unique commencement exercises ever held in Redlands. The class this year held their exercises at the municipal amphitheater, out of doors, and the money that was saved in this way, a total of \$175, was given to the high school auxiliary of the Red Cross Chapter. The girls all wore midday blouses and the boys business suits.

In his address to the graduates, Dr. Elias Evans, president of Occidental College, urged the boys to continue with their school work until they reach the age of 21 as this is what the government wants them to do. "Citizenship in the New America" was the subject of his talk and he spoke feelingly of the change the war has made in the ideals of many people. He says that the young people of the future will think more of the other fellow and of "I am my brother's keeper" than has been thought in the past. He also told the girls that there is much that they can do in war work.

WINKMANN'S OPERATIONS.
Government Agents Unearth Alleged Treachery.

Foster Boy's Death Unavoidable, Jury Verdict.

Long Beach to Have Ship Construction School.

LONG BEACH, June 12.—The possibility that Frederick Winkmann, a native of Cologne, Germany, and for several months in charge of the machine shops and later acting superintendent of the Long Beach Shipbuilding Company, arrested on a charge of being an unregistered alien enemy and as such employed in a government establishment, may have engaged in hostile and treacherous activities while holding such an important position is being rigidly investigated by the local police and officers of the American Protective League of Long Beach. It became known today.

Winkmann is alleged to be a perjuror of pronounced pro-German views, and is suspected of being a treacherous German agent. How many defects in construction may have got by the inspectors on account of his superintendency is a matter of concern upon which investigators are now working. Among other things, he is alleged to have passed upon loose and defective rivets.

The recently completed steel steamer Silverado, launched at the Long Beach Ship Company's yards during Winkmann's employment, broke down in mid-ocean on her maiden voyage from San Francisco to Honolulu because of a defective casting.

Although he claimed at first to be a native of England and secured employment in the government plant under such representations, he later made a signed confession that he was born in Germany, after officers of the Protective League had unearthed documentary evidence to that effect.

WAS UNAVOIDABLE.
A verdict of unavoidable accident was brought in this afternoon by the coroner's jury following testimony heard in connection with the death of young Henry Foster, the 15-year-old Los Angeles boy who died of his injuries following an automobile accident on Bixby Hill Sunday morning.

It was brought out at the inquest that the rear end of the truck swung around and went over the edge of the embankment first, when the left front spindle broke, dropping the front axle upon the ground.

SCHOOL OPEN NIGHTS.
Members of the Long Beach Board of Education today decided to establish a night school this summer for a course in shipbuilding and naval architecture as approved by the United States Board of Vocational Education in Washington.

Martin C. Eriksson and A. G. Bailey will direct the class work, which will be divided into two sections, the junior class taking up blue print work and elementary shipbuilding, while the senior class will study naval architecture.

More than 300 members of the Red Cross Association of Los Angeles will give a programme in the Municipal Auditorium next Monday evening in the interest of the organization's work. The Half Century Home Guards will accompany the visitors and several musical numbers and dramatic sketches are scheduled on the programme.

INCENDIARISM, SAYS SHERIFF.
Tulare Officer Finds Fire Bomb in Destroyed Wheat Field.

PORTERVILLE, June 12.—Incendiarism is given by Sheriff Court Smith as the cause of the fire in the Paige district south of here, when a number of small sacks of grain were destroyed, the loss being estimated at a total of \$15,000.

Sheriff Smith was without a clue to the cause of the fire until a careful search around the burned area revealed a crude fire bomb hidden from a shoeing, which had been soaked in a slow-burning liquid, and this was attached to a box of parlor matches.

Construction of this device, taken with other evidence in the hands of the sheriff, points to activity of an organization which has been for some time closely under watch by officials.

CANNERY WAGES CUT; FIFTY WORKERS QUIT.

COMPLICATED HARBOR FISHERMEN'S STRIKE—JAPANESE LICENSE REVOKED.

LOS ANGELES HARBOR, June 12.—The strike affecting about 1500 Japanese fishermen and their families in San Pedro, Wilmington and Long Beach, complicated today when practically all the workers of the Southern California Fish Company's cannery went out on strike protesting against a cut in their wages.

Manager W. L. Turk stated tonight that he merely equalized the wages with the other cannery workers.

With no saildines or tuna being brought in the warehouse force at that cannery were notified of cuts to be made in the wages of fifty of them promptly went out on strike and were notified that if they did not resume work by night their positions would be filled by others.

The first boatload of tuna to be brought in this year was caught by Tony Zankich. The San Juan caught three tons of blue-fin tuna and was off the water at 10 o'clock.

The Japanese fish market for the entire catch.

The termination of the Food Administration was called to the attention of the Japanese and they were informed that the price of \$100 per ton set by the government had held good for the fish markets as well as the canneries, and Zankich was forced to pay \$12 a ton for tuna offered by the Japanese markets.

Francisco revoked the fishing licenses of Capt. J. S. Amari and the crew of the fishing boat Anani II on a charge that they had dumped an entire catch of sardines into the sea on May 2 because they could not get a price of \$15 per ton for the fish, according to the price set by the government.

JAPS QUIT FISHING.
SAN DIEGO, June 12.—Members of the Japanese Fishermen's Association, which has had a controversy of about ten days with the Federal Sea Food Commission over the price of tuna, today announced that they had quit the trade and had placed their fleet of thirty-two fishing boats on the market. They declared that they would go into truck gardening.

The price of \$12 a ton for tuna delivered at the local cannery wharves was fixed by Commissioner W. C. Crandall. The Japanese made a demand of \$15 a ton. Commissioner Crandall said today:

"If the Japanese fishermen prefer to pick cantaloupes in Imperial Valley or take up truck gardening, that is their lookout. There will be no change in the price of tuna for this season. The withdrawal of the Japanese fishermen will not materially affect the tuna-packing industry here. Had the Japanese persisted in keeping their boats idle during the tuna season, the government would have revoked their Federal fishing licenses for the duration of the war. Their withdrawal simplifies matters."

The Japanese declare that they would not make a profit at the price fixed by Crandall.

Low Boiling Points Give Easy Starting

You step on the starter—quickly your engine responds, for the full series of low boiling points in your Red Crown gasoline makes easy starting sure.

Red Crown, the Gasoline of Quality, is a straight-distilled, all-refinery fuel, having the full and unbroken chain of boiling points necessary for steady, dependable power. Low boiling points for easy starting, medium boiling points for quick and smooth acceleration, and high boiling points for power and mileage. Be sure it's Red Crown before you fill.

THE CITY AND ENVIRONS.

Civic Center to Meet.

L. N. Brunswag will speak on "The War Work of the Magnolia Avenue Civic Center at the school building, this evening.

To Entertain Women.

Mrs. O. T. Johnson will entertain the Women's Aid Society of the Immanuel Presbyterian Church at 10 today at her home, No. 1221 Orange street.

To Optimists' Club.

John T. McLean, assistant manager of the National War Savings Committee, will speak on "War Savings" before the Optimists' Club at its function-meeting at noon today at No. 741 South Broadway.

In Benefit Performance.

With many well-known artists included in the programme, a benefit performance will be given at the South Side Hotel Club in Harbor Street, tomorrow evening.

To Entertain Women.

A good "class" orchestra furnishes the music and refreshments are served to the visitors. The general public is cordially invited to increase the year fund for socks and sweaters for the brave boys.

To Form New Company.

Under orders of Adj. Gen. Borne, enlistments for a new company of the National Guard, which is being formed here will be received at the Armory in Exposition Park today, except Sunday, from 10 a. m. to 1 p. m. The men will be drilled one night a week at the Armory and will also receive one night of instruction in various subjects calculated to fit them as soldiers.

For New Jersey People.

New Jersey people from many near-by towns are expected to rally at Sympathy Grove on Saturday for the annual reunion. County headquarters will enable all to find friends, make new ones and enjoy a programme following. Dr. W. W. Chamberlain, who has had a number of patients in that State, will be present to give advice.

Connecticut, Rhode Island.

Both Rhode Island and Connecticut will have their picnic at Sympathy Grove next Saturday afternoon with basket dinners at 4 o'clock. The chaplain at the Soldiers' Home, Dr. M. R. Kaufman, coming here direct from Rhode Island, has been asked to make the main address.

As War Bonds.

Former Los Angeles High School students who are now making names for themselves in motion pictures or other entertainment lines will appear in a war benefit performance, this evening, at the school. Among those who will appear are: Monroe Salisbury, Juanita Hansen, Carmel Myers, Bessie Love, Louise Fazenda, Mollie Hays, Marjorie Preston, Anna Zamel, Edna Phillips, Grace James, Ida Selby, Harry Williams, and Lucile Danks.

Lecture on Chiropractic.

Dr. B. J. Palmer of Davenport, Iowa, president of the Palmer School of Chiropractic and secretary of the Universal Chiropractic Association, was invited to lecture at the Soldiers' Home at the Soldiers' Home at 10 o'clock. The meeting is under the auspices of the State Chiropractic Society.

To Meet Memorial Service.

Members of the four railway transportation brotherhoods and their auxiliaries will attend a joint patriotic and memorial service at Temple Baptist Church, Clune Avenue, Sunday evening at 7:30 o'clock. Dr. J. Whitcomb Brougher will preach and a eulogy will be delivered by Judge Paul J. McCormick. The brothers and sisters will meet and march in a body into the Auditorium.

To Middle Aged.

Walter Lincoln will speak before the Half Century Association at its meeting this evening at Normal Hall Center. The organization's guest club will furnish music. The association now has 1466 members and another company of home guards, making three in all, is now in process of formation. Civil nights are Monday and Wednesday. All association members have been invited to attend the reunion of the veterans of the North and South at Long Beach, Monday, with transportation furnished free.

W.C.T.U. Model Contest.

The Vernon-avenue W.C.T.U. will hold a declamatory silver medal contest of a patriotic nature tomorrow evening at the Congregational Church, Hooper and Vernon avenues. Night young girls will contest for the medal, who will be judged by judges as to their merit in voice articulation, gesture, memory, etc. The one receiving the highest average will be presented with a silver medal appropriately inscribed by the W.C.T.U. The boys' quartette from Jefferson High School and other special music will be a feature, and a speaker will tell of the general line of work of the W.C.T.U. Admission is free and the public is welcome.

HEREDITARY KINGSHIP PROPOSED IN FINLAND.

NEW FORM OF GOVERNMENT IS URGED BY YOUNG FINNISH PARTY.

(BY ATLANTIC CABLE AND A. P.)

HELSINGFORS (Finland), June 12.—A proposal for the establishment of a new form of government has been delivered to the Landtag. It provides that Finland shall be an independent kingdom with a king-ship hereditary in the male line.

The king may not simultaneously be the ruler of any other state. He shall have an absolute veto in matters affecting the alteration of the constitution and lands and sea traffic. Other matters his veto may be overruled by a two-thirds majority of the Landtag elected at a new election.

The king also is to be invested with broad powers regarding treaties with foreign states, but he may not declare an offensive war or sign peace treaties without the consent of the Landtag. The proposal of government appears to be based largely on the Swedish constitution of 1809.

Two agrarian senators resigned because of opposition to the proposal of government. Two hundred and fifty prominent members of the young Finnish party have published a manifesto favoring a monarchy.

AUTO CROP NEXT YEAR ONLY FOURTH AS BIG.

GARFIELD CONFIRMS STATEMENTS LIMITING PLEASURE CAR PRODUCTION.

(BY A. P. NIGHT WIRE) WASHINGTON, June 12.—Many quarters regarding Fuel Administrator Garfield's oral announcement Monday that manufacturers of passenger automobiles would have their fuel supplies limited during the year beginning August 1 to 25 percent of the amount consumed during the preceding season, caused the Fuel Administration to issue this statement tonight:

"Food Administrator Garfield today confirmed the statement he made on Monday in regard to the curtailment of fuel for the manufacture of pleasure automobiles. He stated that the general question of curtailing the fuel for the manufacture of pleasure automobiles is now in the hands of the steel section of the War Industries Board. The Fuel Administrator, however, feels responsible to limit the amount of fuel used in the manufacture of pleasure automobiles to the extent already in effect for the larger production, he will be compelled to limit the fuel for the manufacture of pleasure automobiles in the season 1918-19 to not more than 25 percent of that consumed for this purpose in the season 1917-18.

This curtailment is in connection with the war has convinced the Fuel Administrator that it would be jeopardizing the vital interest of the country to permit fuel to be used in the manufacture of a large number of pleasure automobiles when the 25 per cent mentioned above.

"This curtailment does not affect the manufacture of trucks or other cars for military use, nor the enormous amount of other war material which the automobile manufacturer already has undertaken for the government."

WOMEN HELP SEARCH OF DUTCH PASSENGERS.

(BY A. P. NIGHT WIRE)

AN ATLANTIC PORT, June 12.—Fifty members of the Woman's Motor Corps of America, it was announced tonight, will report to the customs officials tomorrow to assist in searching the women passengers of the Dutch liner Nieuw Amsterdam, which arrived here today with 612 passengers.

Extraordinary precautions have been taken to see that none of the passengers or their belongings are permitted to leave the ship until the inspection, which will be conducted by the British as well as American officials, has been completed.

HENEY AVOIDS MANY TOPICS.

Uses Words as Tallyrand to Conceal Thoughts.

Nothing to Say About Attack on Constitution.

As to Liquor Question, that's up to the People.

BY THE WATCHMAN.

In announcing his platform last night at a banquet given at Ham-burger's in his honor by the Young Men's Democratic League, Francis J. Heney resorted to a bit of platitism. He declared himself unequivocally in favor of C. A. A. McGehee's plan for reclamation of a few millions of acres of tillable soil, and said he stands for Dist. Atty. Wood-wine's plank of "even-handed justice to all."

Mr. Heney straddled the liquor question. If the Remington bill is adopted by the people, he naturally said he would enforce the law, but as to the Federal bond dry constitutional amendment he said the position of Governor is somewhat different. If the amendment is adopted, however, he again said he shall favor a law for its enforcement.

"As I feel about the Federal amendment, I do not propose either to advocate or oppose its ratification," he said.

THIS COMMISSIONER.

Regarding the forty fat commissioners, Mr. Heney said he feels that some of them are needless and maybe some of them should be consolidated. "But I have not yet heard any candidate point out what particular commissions we will abolish, alter or continue." It was to be assumed that the speaker meant he would follow the platform of opponents in dealing with the reckless and utterly useless commissions.

Mr. Heney very carefully avoided an allusion upon his record as a Democrat, but he did say that if matters not whether a man was registered as a Democrat in 1916, if he worked for Woodrow Wilson. The fact is Mr. Heney was registered as a Republican, formerly as a Progressive, and only recently as a Democrat. No wonder he thinks it matters not how he was registered two years ago.

Mr. Heney said he stands, as he always has, for the ridiculous and unwarranted triumvirate of laws—the recall, initiative and referendum.

TRUE TO JOHNSON.

Despite the fact that Mrs. Johnson said Heney is worse than impossible, the Wild Ass swore allegiance to the junior Senator's frank laws, and promised that he will do nothing to amend or change them.

Mr. Heney did not answer the charges made by his Democratic opponent that he showed himself to be against the Constitution of the United States. He said he would deal in no personalities during the campaign and promised never to write another speech.

VIATOR MAJOR IS TRANSFERRED.

Former Commander at North Island Given Charge of March Field.

(LOCAL CORRESPONDENCE.)

RIVERSIDE, June 12.—

Official announcement has been made of the appointment of Maj. Bartholomew as commander of March Field. Maj. Bartholomew has been in charge of Rockwell Field, North Island, for several months, and has made frequent airplane trips from San Diego to this city since work was commenced on March Field.

Officers are continuing to arrive at the field. Those reported for duty during the past few days include S. S. McCullum, F. T. Gallen, H. R. Parker, G. E. Stewart and A. F. Meyer, first lieutenants; M. R. Macdonald and T. A. Bither, second lieutenants.

Ident of the Board of Public Works who hope to stump the State for Heney; Daniel F. Rodgers, age 59, of Long Beach, and Mrs. H. H. Koonce also spoke.

HOLD UNION RALLY.

Organization of Teamsters and Chauffeurs Undertaken at Labor Temple.

A typical labor-union rally was held at the Labor Temple last night for the purpose of formally starting the organization of teamsters and chauffeurs. About 100 men were in attendance, and probably fifty of them signed application cards.

A closed meeting was held immediately after the open session and the applicants were at once initiated into the union.

Much of the time of the speaker—Organizers Dale and Hill—was taken in denouncing The Times and extolling the virtues of Michael Casey, president of the Brotherhood of Teamsters at San Francisco, and who was the active head of the bloodiest and most brutal strike there that has ever disgraced the Pacific Coast.

Casey himself, although widely advertised as the big attraction for this meeting, failed to appear. It was stated that he had to attend a meeting of labor-union executives in the north, "but that he would be here at the proper time, and the people would know it."

CHILD GETS DAMAGED.

Judge York yesterday awarded Margaret Peterson, 13 years old,

\$250 damages for injuries she sustained when an automobile driven by O. K. Kelley, manager of the Riverside Estate Company, collided with the carriage in which the child and her father and mother, Martin and Mary Peterson, were riding. The judgment was against both Mr. Kelley and the company. Mrs. Peterson was also injured and suit will be brought later by Attorney Griffith Jones.

NEW NAME FOR SANTA MONICA.

May Add "Beach" to Itself by Way of Lure.

Big Booster Body Formally Organized Here.

Officers Named, Promotion Committee Formed.

The Santa Monica Beach Association came into formal existence yesterday, at a luncheon at the Lanker-shim Hotel, although there have been several preliminary meetings. Its purpose is to make the name of Santa Monica Beach stand among the very highest in seaside resorts; to cause this name to come to the minds of people all over the United States when the subject of the supreme in open beaches is mentioned.

As one of the first steps, the association has had back of it the wealth of the Chamber of Commerce and the new association have their desire, as Santa Monica Beach—the latter word being considered a big asset.

Probably no beach promotion movement in this part of the Pacific Coast has had back of it the wealth and wide experience such as is represented in the newly formed Santa Monica Beach Association. Coupled with this is an enthusiasm for immediate action to spread broadcast the charms of the long strand, the palm-lined, the plateau, the canyon and the mountains of Santa Monica Beach.

Yesterday's meeting was devoted principally to the formal organization and promulgation of the future. Actual plans for procedure are to be laid before the association at the meeting on the afternoon of the 26th inst. at Santa Monica. This is for both resident and non-resident members of the association. The non-residents will be met with automobiles at 4 o'clock, taken to see the beauty spots of the place, and then given a dinner at the Hotel Windermere, when the formal session of the association will occur.

The organization yesterday resulted in the selection of the following officers: President, Col. J. B. Lankershim, owner of extensive realty on the Santa Monica beach frontage; resident vice-president, H. L. Hall, owner of the Seaside Terrace apartments, Santa Monica, and who has established a chain of large tourist hotels through Mexico; non-resident vice-president, C. L. Bundy, extensive realty operator and associate with R. C. Gillis and Arthur Fleming in realty.

There is to be a General Committee of sixteen members, eight of whom are residents and eight non-residents, and to whom the association is composed as follows:

Resident members—Robert W. Brown, representing the Santa Monica Pleasure Pier and Looff interests; F. G. H. Franklin, of the Arroyo apartments and Salt Lake interests in Santa Monica; W. J. Stadlerman, representing extensive beach realty holdings; Charles Tegner, realty; H. M. Gorham, president of the Bank of Santa Monica; A. M.

NAB CHEMIST AS A BOMB-MAKER.

Wife Charges San Diego Man with Manufacturing Poison Devices.

(EXCLUSIVE DISPATCH.)

SAN DIEGO, June 12.—

Louis A. Gebbie, a chemist of this city, is held in the County Jail on his wife's charge that he had been making poisonous bombs at their home. He was arrested early today on complaint of his wife, who went to the District Attorney's office and said that her husband had threatened to take the life of their 14-year-old son.

Gebbie was arraigned before Justice of the Peace J. E. Keating today and held on \$500 bail to be tried Friday. The bail was paid by his employees, Chemists Buell and Towne. He was immediately rearrested by the Federal authorities, who are making an investigation of the operations of the chemist at his home where he is said to have done the work on the bombs.

ANTI-GERMAN ORDER.

Before the incident regarding the song book came to the attention of Dr. Stiehl, he issued on Monday, the following bulletin to all school librarians:

"You are requested to make a careful examination and to have it supplemented by some other competent person, of every text-book, chart, etc., to discover whether such publications contain any poem, musical selection, illustration, or other reference complimenting the civilization of Germany, the culture of that country. Such texts should not be used by pupils under any circumstances. Objectionable pages in large books should be pasted together, or torn out, or the objectionable matter may be pasted over, if the use of these books is otherwise necessary. Others should be withdrawn altogether. This applies to all books, including books in libraries, or from libraries, or books loaned by individuals."

TO HOLD HIGH MASS FOR VICTIM OF AUTO.

COUNSEL TO CONDUCT SERVICE OVER BODY OF IDAHO REARLY MAN.

High mass will be sung over the body of Thomas L. McKenna at 10:15 this morning in St. Vincent's Cathedral by his cousin, the Rev. J. J. Haggerty, who came here from Riverside yesterday. Mr. McKenna, who was killed in an automobile accident near Twin Lakes, was employed by the Focattello Trust and Security Company, an Idaho concern.

While he was here on a vacation recently, he made himself exceedingly popular in athletic circles at the Y.M.C.A. and also addressed several business classes on salesmanship. Two of Mr. McKenna's brothers are in the service. The dead man, who was 44 years old, desired to have a mass said for him, and addressed the Governor of Idaho offering to give up his position and go anywhere the government wanted him to.

Mr. McKenna belonged to the Boise Knights of Columbus and the Greeley (Colo.) Lodge of Elks. He leaves a mother in Riverside, where a sister, Mrs. M. R. Bright, also resides. His widow lives here. Two other brothers live in the East, and Mrs. Con Lynch of Butte, Mont., and Mrs. L. D. Drach of Bismarck, Ark., are two other sisters.

WILL DO WORK.

With majority petitions favoring the proposed paving improvements, the Council yesterday denied protests against the following: Preston avenue between Avalon and Lamoyne streets; Van Ness and Rosewood streets; and the street district, Harbor. The Council also ordered the City Attorney to prepare the ordinance of intention in connection with the proposed improvement of Normandie avenue.

RED CROSS AFFAIRS

For the Red Cross.

With the Liberty Bell Quartette and others in musical and patriotic numbers, the Jefferson-street school auxiliary of the Red Cross will present a benefit entertainment Friday evening in the school auditorium.

At Chapter House.

Miss Gladys Beselle will dance the Death of the Swan at the entertainment at the Red Cross chapter house today. Others who will take part in the performance will be Miss Elizabeth Barrett, LaVerne Ross, Beatrice Landenberg, Mrs. Robert J. Fleming, Mrs. May McDonnell, Mrs. Vera M. Carter will be Dances of the day. During the afternoon the Red Cross auxiliary of the Marlborough School will give a tea dance. This will be the first private school to take part at the show.

Benefit for Red Cross.

A Red Cross benefit for the Jefferson School Auxiliary will be given in the school auditorium, Jefferson and Key West, tomorrow night, commencing at 8 o'clock. The programme will be furnished by the following who have been making a specialty of late of entertainments for Red Cross auxiliaries: Liberty Bell Quartette, Annetta Hughes, Wanda Whitcomb, Melrose Johnson, Eleanor Lynne, Ernestine Crain, violinists; Edna Charlotte Osborn, soprano; Elizabeth Hughes, accompanist. Admission for adults will be 25 cents and for children 15 cents.

Another Entertainment.

An entertainment will be given under the auspices of the Progressive Circle Auxiliary of the Red Cross this evening at No. 551 West Pico street. "Marvell, the Great" will be on the programme with his mysteries, and there will be music, singing and classic dancing.

At Salvage Deposition.

During the absence in San Antonio and in the eastern States of Mrs. Franklin Booth, Mrs. R. W. Wright will act as head of the stockpiling who have been making a specialty of late of entertainments for Red Cross auxiliaries. Every kind of useful junk no longer required by the owners will be acceptable.

Mirrors are Needed.

The Red Cross shop at Eighth and Alvarado streets wants several large mirrors for the sewing department. The shop will call for them. Also a small desk, a table and motor for running machine are wanted and ladies to do plain sewing who will donate their services are needed.

At Chapter House.

The Red Cross Chapter House at Eighth and Alvarado streets will feature an entertainment of exceptional interest Saturday afternoon, when the entire programme of events will be presented under the direction of the Woman's Lyric Club.

The programme which will include the luncheon and tea, will be continuous during the entire afternoon, and music and many interesting variety features are scheduled. There will also be several booths to attract the patronage of the guests.

Arrangements for the event are in the hands of Mrs. Beale Howell and the hostesses for the afternoon will be Mrs. Robert Granger, president of the Lyric Club; Mrs. W. W. Goddard, Mrs. L. W. Harmon and Miss Willy Brown.

For L.O.B.S. Benefit.

Platt's music store housed a long line of ticket buyers yesterday morning, the opening day for the sale of reserved seats for the Red Cross event to be given next Tuesday evening at Shrine Auditorium under the auspices of the Los Angeles Lodge No. 487 of the Independent Order of F.M.B. If the regular prices were charged for the many artists who will appear on the programme, instead of tickets at \$1 each, it would foot up to twenty times that amount. Leopold Godowsky, Gregor Cherkovskiy, Gertrude Ross, Esther Bailey, Mrs. Heese Sprout and the Zoellner Quartette are among the musical stars, and Toto, Frank Keane, Ruth St. Denis, George Seban and other famous screen actors will appear.

WOMEN'S WARD WITHOUT BARS.

New Part of County Jail to Dispenso with Them and Save Money.

It was reported by Supervisor Delorey yesterday that there will be no iron bars in the windows of the new women's ward in the County Jail, which is to be constructed at once.

This will mean a saving of \$500. The windows of the ward will be about fifty feet above the street.

SHE WANTED TO BE A GOOD GIRL--BUT

An unscrupulous, designing mother saw in those rounded curves of her daughter's lithesome young body a thing that would drive men mad, and make them pawn the gold of the Klondike to bask in the sunshine of her smiles—the mother saw the wealth of the Indies laid at her feet in exchange for the soul of this fair young creature, about to be auctioned off into slavery just as were the beauties of the slave market of ancient Greece sold to the highest bidder.

BY VIRGINIA WOODS.

By Raymond de Ropp. In compliment to her sister, Mrs. H. Webb of New York and for Mrs. Webb's daughter, Mrs. Edward Lewis Kelsey of South Africa, Baroness Alfred de Ropp assembled a company of close friends at lunch yesterday. About her table, as was centered with a basket of white flowers and ferns, sat Mrs. Webb, Mrs. Kelsey, Mrs. Albert M. Webb, Mrs. Robert D. Read, Mrs. Colcock Jones, Mrs. E. R. Morton and Miss May and Eva Webb and Miss Adele Bruns.

Mrs. Kelsey, who is the wife of the secretary and legal adviser of the Chamber of Mines at Johannesburg in the Transvaal, South Africa, is planning to return to Africa as soon as she can arrange the trip—a very long one, requiring two months' travel. Mrs. Webb will remain here until the last of the month, when she will go to Santa Barbara.

For Mrs. Cooper. Mrs. B. Cooper of Honolulu, a hostess of Mrs. Madison Stewart of West Adams street and of Mrs. Harry Gray of Pasadena, was the guest of honor at a tea and luncheon party at which Mrs. Frederick A. Klump of No. 1310 Vista street was hostess. Among those who came to renew acquaintance with Mrs. Cooper were Mrs. Enell Jones, Mrs. W. I. Hollingsworth, Mrs. Oliver Kingsley, Mrs. James M. Lee, Mrs. Alexander Barrett, Mrs. Helen Ballou, Mrs. E. T. Earl, Mrs. F. H. Conant, Mrs. Madison Stewart, Mrs. Harry Lombard, Mrs. Emma Cole, Mrs. Thomas Mab and Mrs. Harry Gray.

By Mrs. Field. In anticipation of her return home tomorrow, Mrs. Alex Field (Almeida) of San Francisco assembled a party of two dozen girlhood friends at a charming tea at the home of her father, Luchin N. Almeida on West Adams street. Tea was served on the veranda overlooking the lovely gardens of the Riverside home. Mrs. Field has been a house guest in the

Union Bakers Issue Ultimatum to Employers and Threaten General Walkout.

Union bakers of Los Angeles, who claim to be extensively organized, yesterday made a formal demand upon employing bakers for a flat increase of 15 per cent in wages and recognition of the union. They set Saturday as the final limit to sign such an agreement, with the ultimatum that they would walk out if their demands are not granted.

The employing bakers declare they will not recognize the union. They say they have been raising their wages and skill, from \$1 to \$2 per week, but that they will not agree to make this a general blanket proposition.

According to many of the larger berry growers, if the present conditions prevail and a better price is not received for their product it will be only a few years until the large strawberry fields in California will be a thing of the past. It is understood that the producers are to take up the matter with the State Food Commissioner.

City Food Administrator Cole was notified by telephone yesterday that 2000 tons of fresh strawberries had arrived at the San Pedro docks and that, neither the camera nor the fish market being able to handle the fertilizer makers bought it in for \$7.50 a ton.

ELECTRICAL INDUSTRY IMPORTANT TO WAR.

JOVIAN LEAGUE SPEAKER SAYS GOVERNMENT SHOULD FINANCE IT.

The most largely attended recent meeting of the Jovian League was held with a noon luncheon in the banquet room of the Hotel Bristol yesterday. Charles H. Feinberg of the Southern California Edison Company presided and John S. McGroarty was the orator of the day, his theme being "Patriots of Power."

RESTAURANTS ARE ACCUSED.

Jury will Sift Charges of Breaking Food Rules.

Closing of Places and Fines may be Penalty.

Cases of Two More Bakers will be Tried.

The Los Angeles restaurant jury will hold its first meeting tomorrow afternoon in the offices of the local Food Administration, 512 E. N. Van Nuys Building, when five cases of alleged violation of the National Food Administration rule regarding the serving of wheat products in public eating-houses will be tried.

Louis M. Cole, City Food Administrator, sent citations to the defendants yesterday. The charges against the restaurant proprietors are for serving bread without the specific order of the customer, and serving wheat products, such as spaghetti and macaroni, on wheatless days and at wheatless meals. In the event of conviction, the men will be ordered by Ralph P. Merritt, State Food Commissioner, either to close their places of business for a certain period or to pay a fine.

In instant cases, according to Mr. Cole, there are a number in those to be tried tomorrow—the penalty will be to close their places and to pay a fine also. The fines will be donated to the Red Cross, as has been done in San Francisco.

WILL TRY BAKERS.

The Los Angeles bakers' jury will meet this afternoon in Mr. Cole's office and try two cases of bakers, accused of having made commercial bread without the correct proportion of wheat flour substitutes—25 per cent of the total content. This will be the third meeting of the jury. One conviction has been returned at a previous meeting.

That there are companies in the city that are using the local Food Administration to assist their business is the attention of Mr. Cole yesterday, when it was reported that a salesman for a local baking powder concern was soliciting orders, stating that he was demonstrating for the Food Administration on how to make a wheat substitute bread. Mr. Cole dictated a letter to the company prohibiting the use of the Food Administration's name in this connection.

STRAWBERRY PRICES.

Strawberry growers yesterday issued a statement of the net cost of strawberry production in defense of their present price for their fruit. This statement shows that berries selling for 21 a crate, or thirty boxes, give to the producer a profit of not more than 21 cents per crate. The average yield per acre is 250 crates. The first year is said to be 450 crates and for the second year only 225 crates. The average cost of production per acre for the first year about \$380.50 and for the second year nearly \$340.

Averaging the cost of production with the yield from an acre, and the selling price of 21 a crate, it shows, according to the report, a loss of \$12.75 per acre to the producer.

According to many of the larger berry growers, if the present conditions prevail and a better price is not received for their product it will be only a few years until the large strawberry fields in California will be a thing of the past. It is understood that the producers are to take up the matter with the State Food Commissioner.

City Food Administrator Cole was notified by telephone yesterday that 2000 tons of fresh strawberries had arrived at the San Pedro docks and that, neither the camera nor the fish market being able to handle the fertilizer makers bought it in for \$7.50 a ton.

ELECTRICAL INDUSTRY IMPORTANT TO WAR.

Feinberg of the Southern California Edison Company presided and John S. McGroarty was the orator of the day, his theme being "Patriots of Power."

"In these times of test and trial," said Mr. McGroarty, "it seems that every patriot naturally finds his place and does the best he can in the classification where he belongs. If he be young and strong he takes up arms and in either 'over there' or is ready to go. If he doesn't measure up to the demands of the sword, he becomes a patriot of the soil or of the press, or in the war industries or finance, or a buyer of Liberty Bonds, War Savings Stamps, or a cheerful and strong contributor to the Red Cross."

Lieut. C. S. Mason, who has been loaned to the government by the British to aid in the War Savings Stamp campaign.

WAR VETERANS TO BE FLAG DAY SPEAKER.

SCOTTISH RITE CATHEDRAL WILL BE SCENE OF PATRIOTIC OBSERVANCE.

Lieut. C. S. Mason of the Royal Sussex Regiment, British army, who has just arrived in Los Angeles, will be the speaker at a Flag Day meeting at the Scottish Rite Cathedral, No. 929 South Hope street, tomorrow evening. The Blue Lodge Masons of the city and vicinity will be guests of honor.

Lieut. Mason is one of a party of British officers that has been loaned to the government by the British authorities to speak in behalf of the War Savings Stamp campaign. Lieut. Mason has been in the service since August, 1914. He has two strenuous years of expeditions in France to his credit. He has been through the thick of the fight in the Loos salient and on the Somme, and participated in the attacks of Contalmaison, Delville Wood, High Wood and the fighting around Bapaume. He was badly wounded and as a consequence was four months in the hospital. He is now incapacitated from further service at the front and is serving the cause as a war speaker. He was decorated by King George V with the Military Cross for gallantry in action and devotion to duty.

A stirring programme of patriotic music will be rendered by the Central Commandery Band. Perry W. Weidner, assistant state director, War Savings Committee, will preside.

ELKS WILL CONDUCT FLAG DAY EXERCISES.

EXTENSIVE PROGRAMME ARRANGED FOR TOMORROW AT CENTRAL PARK.

Los Angeles Lodge of Elks will conduct Flag Day exercises tomorrow evening at 8 o'clock in Central Park. Benches and chairs will be provided for the general public. The lodge officers participating are Paul D. Robinson, exalted ruler; Walter J. Goldsmith, leading knight; Charles M. Cook, loyal knight; Benjamin F. Gray, lecturing knight; Edward H. Davis, secretary; Robert L. Cusmer, treasurer; Ray Lawell, squire; Harry S. Duffield, chaplain; and Jack Pyle, electrician.

A patriotic program has been arranged for the raising of the flag, in which soldiers from all of the Allied nations will appear upon the platform in full uniform. Mme. Marika Aldrich Davis will sing "The Star Spangled Banner." Immediately following, the introductory exercises and altar services will be performed by the officers of the lodge, and the audience will join in singing "Auld Lang Syne."

Mr. Smith, a member of the band and of Los Angeles Lodge No. 14, will give a trombone solo, after which the speaker of the day, Walter George Smith of Philadelphia, will be introduced by Michael F. Shannon. Mr. Smith has succeeded Elihu Root as president of the American Bar Association. He was recently in Los Angeles, and last Friday delivered the oration of the day before the California Bar Association at the Hotel Bristol.

Mr. Smith will return to Los Angeles to deliver the address. Kenton A. Miller will deliver an oration on the "Elks' Tribute to the Flag of Our Country," following which the band will play "America," which will conclude the exercises.

ANNOUNCEMENT

OF THE

Southern California Telephone Company.

While normally the Southern California Telephone Company has gladly furnished special "time service," we are now operating under war conditions with limited operating forces and materials. For this reason the less essential uses of the telephone must be reduced and it is necessary for me to announce that beginning today, we shall be unable to comply with requests for the "time of day" and respectfully ask telephone users not to ask our operators for that information.

The practice of calling upon telephone operators for information as to the time of day has grown to such an extent that it now interferes with the efficiency of the telephone service, as the answering of these calls monopolizes the operators' time and the use of equipment necessary for handling the regular business of the public.

War conditions make it imperative that the energies of the operating force be directed entirely towards the furnishing of necessary service, and that telephone facilities be conserved in every possible way.

Yours respectfully,
C. F. MASON.

EARLY ADVANCES NEARLY LOST BY LATE DECLINES.

Tobacco Shares Lead Initial Uptrend in Wall Street Market.

NEW YORK, June 12.—Stocks were firm to strong during the greater part of today's dull session, but relinquished much of their advantage in the final hour. Gains were most substantial in speculative issues controlled by pools and other professional interests. Tobacco shares were the strongest features of the early rise, Sumatra scoring a new maximum at 14 1/2, while Tobacco Products gained 3 points and American Tobacco 2. These were largely surrendered later on, realizing for profits. Equipments of the more popular variety, as well as motors, oils, fertilizers and shipping registered extreme gains of 1 to 3 points. Copper added moderately to recent advances and sugars, leathers, Amer-

PROFIT-TAKING SENDS CORN PRICES HIGHER.

BEARS OVER-REACH SELVES. SELLING OFFERS FORCE SHARP ADVANCE. CHICAGO, June 12.—Bears over-reached themselves today selling corn. An unexpected return of cool weather made the selling look reasonable, but efforts to collect profits met with unusual difficulty and forced a sharp advance in prices. The market closed strong, 2 1/2 to 2 3/4 cents net higher with July 1.44 1/2 and August 1.46 1/2.

COMMERCIAL LOCAL PRODUCE MARKET.

Green lima beans of local growth are in the market selling from 12 to 15 cents per pound, while peas are selling from 9 to 10 cents. Strawberry rhubarb is in the list of quotations at \$1.10, while C. W. has dropped to \$1.15. Citrus fruits continue to sell at phenomenally high prices and apples are practically cleaned up. Locally spring lettuce is looking fine and the new crop is apt to cause a lowering of price before long. Hay prices have been fairly firm the past month and alfalfa has had very little change. Great variation continues in feed prices due to the fact that dealers are still unable to give a list of quotations under the basis of cost plus a fair profit. However, millers and dealers state that the government regulations are working out very satisfactorily for all concerned.

LUXURIES UNKNOWN TO FAMOUS MEN.

Shakespeare never drank a cup of tea, never tasted coffee, never sipped a glass of cocoa, never ate a potato and never smoked a cigar. Yet he managed to lead a variegated life and write plays that you still go to see. Napoleon, who died ninety-seven years ago, never saw a steamboat nor a railroad train, nor even a gas light, but he ruled all Europe. Lincoln never saw an electric light nor talked through a telephone, but he freed four million slaves. I doubt if William McKinley ever rode in a motor car. Certainly U. S. Grant never knew of the wireless. They both rose to fame and went to the White House. George Eliot never beheld a movie, but she wrote "Adam Bede," which is a somewhat more important thing to have done.

FOR "AT HOME DAY."

Normal School will Welcome Back Its Graduates and Others Saturday.

The Los Angeles State Normal School will celebrate its annual "at home day" on Saturday. All friends of the institution are invited, and a large number of the graduates, of whom there are more than 6000, are counted upon to return on that day. The school will be in session from 9 to 12 o'clock in all departments and visitors will be welcomed in every classroom. At 1 o'clock a meeting of the alumni will be held, and plans for increasing the usefulness of the school will be considered. The program of the day will include a luncheon, a play, and a presentation of the school's historical drama, "The Persians." It will be given in English.

TO VISIT SON.

Mrs. William Griffin of No. 1631 South Kingsley Drive left yesterday for Tacoma, to visit her son, Capt. R. A. Griffin at Camp Lewis. Capt. Griffin is expected to go overseas. Mrs. Griffin will visit with her son about two weeks before returning to her home here.

A Word of Precaution.

There is the reason for the use of vegetable preparations for infants and children?

Yes, any but vegetable preparations unsafe for infants and children? Yes, Syrups, Cordials and Drops condemned by all Physicians and

the Government placed a ban on all preparations containing, among other things, opium in its variously prepared forms and pleasing tastes, and its innumerable names?

Yes, questions that every Mother will do well to inquire about. Every Physician will recommend the keeping of Fletcher's Castoria in the home as the common ailments of infants and children.

Fletcher's

CASTORIA

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

S. J. Briggs & Co., of Providence, R. I., say: "We have sold Fletcher's Castoria in our three stores for the past twenty years and consider it one of the best preparations on the market."

Messrs Drug Co., of St. Paul, Minn., says: "We are not in the habit of recommending proprietary medicines, but we never hesitate to say a good word for Castoria. It is a medical success."

Hegeman & Co., of New York City, N. Y., say: "We can say for your Castoria that it is one of the best selling preparations in our stores. That is conclusive evidence that it is satisfactory to the users."

W. H. Chapman, of Montreal, Que., says: "I have sold Fletcher's Castoria for many years and have yet to hear of one word other than praise of its virtues. I look upon your preparation as one of the few so called patent medicines having merit and unhesitatingly recommend it as a safe household remedy."

AUTO INJURES THREE.

Mother and Two Children Are Hurt When Two Motor Cars Crash; Baby May Die.

A mother and two children were injured last night when the machine in which they were riding collided with another automobile at Wilshire boulevard and Vermont avenue. William J. Shields, Jr., 4 months old, is the most seriously injured of the trio; he is suffering from severe cuts and bruises, a broken jaw and a fracture of the right leg. Because of its immaturity the baby may die. Mrs. Shields and her 3-year-old daughter, Jewel, were severely cut and bruised in the collision. The infant was thrown from its mother's arms to the pavement, by the shock of the accident.

The Shields machine was driven by W. J. Shields, and collided with the automobile owned and driven by L. A. Wisler, of No. 102 North Alexander avenue. The injured were treated at the Receiving Hospital.

COUPLE RECONCILED

SO SUIT IS DROPPED. SALOON MAN AND HIS THIRD WIFE SETTLE TROUBLE AND GO TO CANADA.

The story of the three matrimonial ventures of Charles Edward Reeves, covering two continents, which was to have been aired in Judge Wood's court yesterday, will not be told. The announcement was made that Mr. Reeves and his third wife, Annie Reeves, had become reconciled, and that he had sold his home in Eagle Rock and gone with her to British Columbia.

Mr. Reeves, a saloon man, accumulated considerable property. He married wife No. 1 in New Zealand. But after a time the couple did not agree and a divorce was the result. He lived with his second wife, Mrs. Joe, but this union resulted unhappily.

A suit for the custody of his child by his first marriage resulted in the court granting him custody. Out of this suit resulted his third matrimonial venture. One of his witnesses in that action was a woman who had been his mistress. He married her, but likewise she refused to have had her troubles. He brought suit for divorce, charging that she had him.

The third Mrs. Reeves is a strapping woman, while Mr. Reeves is a small man. He filed a cross-complaint charging Mr. Reeves with beating her. This was the suit which has been heard yesterday, but it is a closed incident.

Anderson & Anderson represented Mr. Reeves, Attorney M. A. Fleming was counsel for Mrs. Reeves, the third.

LOST ON THE DESERT.

John Powell, who is in charge of the Southern California Automobile Club, and Deputy Sheriff Harry Wright, returned yesterday after a sensational adventure on the Mojave desert, where Powell was lost seventeen hours amid the wild wastes.

O. K. Vase, charged with stealing a Mercer automobile, the property of Eugene Koch, No. 118 West Twenty-fourth street, had been taken into custody at Galveston, N. M., and Powell and Wright went there to get the prisoner and the stolen machine. Deputy Wright drove the county machine and Powell drove the stolen auto. In some way Powell missed the road through the desert, and was forced to find his way along with a pocket compass.

Running out of drinking water, he found it necessary to take some of the water from the auto radiator for drinking purposes. Later on, however, he ran across a water hole.

Other Woman in Case. She Wrote to Married Man to be True-Blue Boy to Her; Divorce Granted.

It developed during the trial of the divorce suit of Lillian M. Stout against Gilbert J. Stout in Judge Wood's court yesterday that another woman was the chief cause of the couple's separation. This led to the introduction of a letter alleged to have been written to Mr. Stout, an automobile salesman, which came while he was away.

"I am writing this letter looking into my sweetheart's face that stands before me," the letter said in part. "Honey, don't worry about me. Be a good boy for Mina is a true girl to you. How I miss you, dear; it's so blue in my room without you. How I wish my honey was with me. Be a true-blue boy, won't you? With all my kisses and hugs, from your only true blue girl."

The decree was granted on the ground of desertion.

PAYS THOUSAND FOR FIRST AERIAL STAMP.

NEW YORK, June 12.—Noah W. Taussig of this city paid \$1000 for an envelope bearing President Wilson's autograph and one of the new 24-cent aerial mail stamps, which was sent on the first air post trip from Washington to New York.

The envelope was auctioned at the Collector's Club for the benefit of the American Red Cross.

SUNDAY LAW TO SOON BE "LAW."

Mayor will Let Closing Act Go into Effect Without His Signature.

Unless held up by referendum petitions, the Sunday closing ordinance will become effective on or about July 14. Mayor Woodman last night announced that he will neither sign nor veto the measure, preferring to give the people an opportunity to decide the most important question.

The Mayor stated that the law as adopted by the Council is not as offensive as the original draft, but that he is not convinced of the necessity of either one. If he should sign the ordinance, he stated, it would give proponents a chance to say he favored it; if he vetoed the measure, the Council would pass it over his head. Consequently, the Mayor said he will leave the matter with the public.

BEAUTIFYING CITY. (LOCAL CORRESPONDENCE.) SAN FERNANDO, June 12.—Street beautification is being carried out by City Forester J. Harpe, who has put the finishing touch on the newly completed paving through the city by the planting of a number of trees in addition to having plowed and cultivated the parkways to keep them free of unsightly weeds. Thirty-one acacias have been set out along McFarland street, seven have replaced those on Harpe street which failed to live, and seventy-nine are being set out on other streets.

OFFICER RETURNING WITH STOLEN MACHINE IS FORCED TO DRINK WATER FROM AUTO'S RADIATOR.

MRS. KENNEDY BREAKS DOWN.

Draft-Plot Defendant Sobs for Dead Son.

Insane When She Entered the Alleged Conspiracy?

Oculists Say Hosenstein's Glasses Were Proper.

For the first time during the long trial, Mrs. Idell Kennedy, co-defendant with Dr. Frank T. Hosenstein and Joseph Leroy, Jr., in the draft conspiracy case, broke down in Federal Judge Haden's court yesterday afternoon when her dead son was mentioned.

When her husband, Franklin H. Kennedy, manager for the California-Molina Flour Works, told on the witness stand of the intense love existing between mother and son, and of her indescribable grief upon his sudden death at the age of 20, Mrs. Kennedy buried her face in her hands and sobbed convulsively.

Defense Attorney LeCompte Davis indicated in his examination of Mr. Kennedy that an attempt will be made to convince the jury that Mrs. Kennedy was insane when she is alleged to have joined with Dr. Hosenstein in a conspiracy to thwart the government in the drafting of young men for the National Army.

The defense produced two more oculists, who testified that glasses prescribed for young Leroy by Dr. Hosenstein were proper in every respect, and calculated to improve his eyesight. These were Dr. Will M. Ketchum and Dr. Glenn Windley.

While Dr. Ketchum was on the stand Judge Haden took occasion to administer a slight rebuke to United States Assistant Attorney Lawrence because of an inadvertent reference to Leroy.

Dr. Ketchum, being questioned in regard to the use of the "trick lens," and had replied that such a lens was sometimes used by oculists to test the truth of a patient's statements. "Such persons are professionally termed malingerers," he said.

"What do you mean by that?" asked Attorney LeCompte.

"Pretenders," he answered. "Joseph Leroy," interjected Lawrence.

At this juncture the court took a recess in the proceedings upon Attorney Lawrence's entering objections to the remark of the government attorney.

Such conduct is highly unprofessional and I will not permit similar remarks again in this courtroom," declared Judge Haden.

Dr. L. Browning, considered a foremost authority on lung diseases, testified that he had examined Leroy and found symptoms of active tuberculosis.

Joseph Leroy, Sr., father of the defendant, said his son had never been strong and that he had

been in the hospital.

Safe in Camp.

KEARNY "HE-MEN" BACK FROM TRIUMPHAL MARCH.

Artillerymen Complete Twenty-Day Trip with Full Equipment.

(EXCLUSIVE DISPATCH.)

CAMP KEARNY, June 12.—Dust-covered and begrimed, but beaming and happy with their athletic deficit paid off and many shakels in their battery funds, the artillerymen of the One Hundred and Forty-third Field Artillery arrived in camp at 10:30 o'clock, having left Escondido at 5 o'clock in the morning. The California artillerymen came back from Los Angeles, after a twenty-day trip covering about 400 miles with many words of praise for the Angel City and for all the towns they passed through on the trip.

The regiment arrived at Escondido yesterday and Maj.-Gen. Frederick S. Strong, commander of the division, was there to meet it, reviewing the dust-covered troops as they passed. When the regiment reached Escondido the women were ready to give them welcome with coffee and cake, especially enticing after a dusty ride on the back of a well-backed horse or on a celebrated mule.

The "he-men" left Los Angeles for Pasadena, staying overnight, then going to Whittier and then Pasadena. They arrived at Escondido at night and were royally treated at a dinner

followed by a vaudeville show which netted the battery more than \$100.

The next night at Corona a dance was given at the Country Club. That night at 12 o'clock a night march was started to Escondido. Thence the trip was made to Houk's ranch, where Brig.-Gen. Richard W. Young, commander of the Sixty-ninth Artillery Brigade, and Maj. Fred T. Gundry, brigade adjutant, greeted the troops. A barbecue was given at the Temecula ranch of the Vail Company.

About \$2000 net was turned into battery mess funds as the result of the trip to Los Angeles.

On the last leg of their journey back to camp the Grizzlies, headed by Col. Thornwell Mullaly, the commander, arrived in San Diego today, after a march with packs from La Jolla. Camp was pitched at Balboa Park, the boys being lustily cheered and they passed through the streets. Men were given leave from their camp in the afternoon and to-morrow night the regiment will be honored at a dance to be given at the Grant. The Grizzlies will reach Camp Kearny on Sunday.

The Utah regiment is still camped between camp and Los Angeles, but is coming back from the long march to Fort Ord, taking the trip by easy stages.

A Big Opportunity for Men Exempt From Draft

Who wish to do War Work

Camp libraries have been established by The American Library Association, approved by the U. S. Government, in about 40 big National Camps or Cantonments.

Men Are Wanted

For library work, but they must have library training. Few men are available for the work. To meet the demand and to prepare applicants for these duties the

Riverside Public Library Service School has planned a course of instruction for candidates for work in camp libraries. A most interesting career for those wishing to take up the work.

The course of eight weeks begins Monday, June 24, next.

For particulars address JOSEPH F. DANIELS, Librarian, Riverside Public Library, Riverside, California.

TO CLOSE AERO RECRUIT DRIVE.

Campaign for Workers at March Aviation Field will End Today.

The campaign to secure 165 ground workers for the March aviation field near Riverside will close today. Already a number of applications have been made to the recruiting mission, which has headquarters at No. 503 Tajo Building and it is thought that the entire number wanted will be obtained before tonight.

Physical examinations will be given applicants at once and they will be assigned to duty at the field in the near future. The recruits most desired are airplane mechanics, motor mechanics, motorcyclists, carpenters, fabric workers, propeller makers and male stenographers.

CITY VIOLATES POWER PLEDGE.

Starts Paralleling of Private Electric Lines.

Protest Against Action Sent to Federal Officials.

Charge Agreement with Fuel Administration Broken.

In what is declared to be direct violation of their written agreement with the Southern California Edison Company and in opposition to the policy of the Federal Fuel Administration, paralleling of power lines on East Seventh street was begun yesterday by the Board of Public Service Commissioners.

When it became known that the work of construction was actually in progress, a telegram was sent to the Federal Fuel Administration, protesting against the action.

It was stated that the city is not to spend a large sum of money in a useless and unnecessary project and the claim was made that this is in opposition to the "win-the-war" spirit.

City officials were informed several months ago that the Federal fuel bureau desired to bring about a sensible plan for the saving of fuel and equipment in Los Angeles. The Board of Public Service Commissioners, at that time, was urged to stop the paralleling of lines, and was asked to speed any available in the development of power on the aqueduct. The request of the Federal officials was adhered to for two months. A working agreement was reached between the city and the power companies and the representatives of the Federal Fuel Administration here. The paralleling on East Seventh street yesterday was a direct violation of this agreement, it is charged.

PROTEST TO CITY.

The Southern California Edison Company protested to city officials several days ago concerning the paralleling of their lines in the harbor district. It was charged that this was in violation of the working agreement between the city and the power corporation. However, in the instance revealed yesterday it was shown that the economic loss is even greater in the Los Angeles Gas and Electric Corporation's service lines on East Seventh street. This will mean that the construction of lines by the city three service lines will be in operation on East Seventh street.

City officials say that the Council is considering the advisability of purchasing \$35,000 worth of outstanding bonds in order to use the money thus obtained to parallel the two existing lines on East Seventh street. The present action yesterday to the Capital Issues Committee is regarded as the utmost importance as it embodies a project which may have many ramifications of dollars which will otherwise be spent needlessly.

The plans as revealed by the operations of the Board of Public Service Commissioners yesterday standing before the city as a public improvement and makes it subject to the control of the Federal government through the Capital Issues Committee.

Protests are to be lodged also with the Fuel Administration, and it will be charged that the policy of the administration is being violated by the useless paralleling of the power lines on East Seventh street.

BERRYMAN ESTATE.

Camel's Hair Shawl that Belonged to Mother is One of the Items Named in Woman's Will.

Disposing of stocks and bonds valued at \$30,000, the will of Hermine Leonora Berryman, who died in this city last Thursday, was offered for probate yesterday.

The husband, Otway Calver Berryman, who is made executor of the estate, without bond, is bequeathed fifteen shares of the Republic Iron and Steel Company, and twenty shares of the same corporation, which is community property.

CITY HALL EMPLOYEES WILL DANCE TONIGHT.

Tonight will be a festive one for the City Hall employees. Many hundreds strong, they will participate in a big dance at the Normal Hall Center given by the City Hall Employees' Red Cross Auxiliary. One of the features of the evening will be a vocal solo by Miss Mabel Cushman. She will introduce a new song written and published by Los Angeles people and sold for the benefit of the Red Cross. It is entitled "There's a Girl Who is Knitting for You."

Miss Emma Dalley, president of the auxiliary, will be assisted by Miss Annette Mauzy, secretary-treasurer, as her assistant. The entire proceeds of the dance will be turned over to the Red Cross fund.

MISSIONARY SOCIETY TO HOLD CONVENTION.

The second annual convention of the Woman's Home Missionary Society, Long Beach District, of the Southern California Methodist Episcopal Conference, will be held in the Huntington Park Methodist Church next Tuesday and Wednesday.

The sessions will open on Tuesday afternoon at 2 o'clock. Each auxiliary is entitled to one delegate for every ten members. Two banners will be presented from the national society, in membership contest that has been in progress. The annual election of officers will occur on Wednesday afternoon.

The War at Home

Four alien enemies were taken to Fort MacArthur to await internment by Deputy United States Marshal Kavanaugh yesterday. They are Stanley Oriowski, Rudolf Mothes, H. K. Lehmann and John Ladewig.

Oriowski is 39 years old and a native of Germany. He is an ironworker and has been fifteen years in the United States and three years in Los Angeles county. He was arrested May 8 by Deputy Marshal O'Leary.

Mothes is 34 years of age, a fruit dealer, and was born in Germany. He had been four days in Los Angeles and twelve years in this country when arrested May 8 by agents of the Department of Justice.

Lehmann is a chiropractic physician by profession and is 30 years old. He has resided eight years in this country and seventeen years in the United States. He was taken into custody May 8 by Federal officers.

Ladewig is a waiter by trade, 44 years old. He was arrested at Fort MacArthur by United States Marshal Kavanaugh two weeks ago. He had been living in Los Angeles county eight years, and twenty years in this country.

HARBOR HOMES PLAN DELAYED IN COUNCIL.

TERMINAL ISLAND LEASE, HOWEVER, IS LIKELY YET TO BE GRANTED.

Councilman Conway yesterday for the second time prevented the adoption of an ordinance which would grant to H. H. Stone a revocable lease upon twelve acres of Terminal Island, the property to be used as sites for several hundred homes urgently needed by employees of the shipbuilding plants at the harbor. Despite Mr. Conway's objections the matter will come up again tomorrow and assurance is given that eight of the Councilmen will vote for the measure.

The United States Shipping Board directly requested the city to make every effort to equip the harbor district with homes, asserting that it is impossible that any number of contracts for the building of ships will be awarded local concerns unless provision is made to take care of the employees. Eight members of the Council have taken the stand that it is the duty of the city to exert itself in a campaign to grant the government and are willing to do everything within their power.

Councilman H. H. Stone, who is in charge of the harbor district, said President Gordon of the Harbor Committee and Dr. Stone assured him that the home owners would pay the expense of installing water. He said this removed his objection and he was willing to grant the lease.

Another very important public improvement in the harbor district was approved yesterday by the Harbor Committee of the Council when it tentatively adopted to recommend that the city build a highway from Terminal Island through Wilmington to Harbor boulevard. The road would cost about \$1,000, including a pontoon bridge, but it is believed to be essential in the development of the harbor and the Council will no doubt arrange for the money.

The Harbor Commission yesterday granted a franchise to the Southern Counties Gas Company for the laying of a natural gas pipe line over the harbor and the Council will no doubt arrange for the money.

TO GIVE AWAY FLAGS.

Guaranty Trust and Savings Bank to Present Americans with Silk Banners.

Ten thousand miniature silk flags with gilt pins will be given away by the Guaranty Trust and Savings Bank at Seventh and Spring streets tomorrow, Flag Day.

The presentation of the flags is confined to the general public as long as the last. The bank is displaying of flags will be more than ever this year feature the observance of the day. It is thought that the flags will find owners quickly.

FORM LEAGUE TO AID IN WAR.

County Employees Organize to Make Work More Systematic.

A County Employees' Patriotic League was organized in room 401 at the Courthouse yesterday. More than 100 employees attended the meeting and subscribed to the objects of the league, which have in view the systematic handling of various affairs for helping the government win the war.

Judge John M. York was named president; Mrs. Maud E. Womersley, first vice-president; Miss Edith Wiley, second vice-president; County Auditor Payne, general secretary; County Treasurer Hunt, treasurer; and Mrs. Katherine Vickery, corresponding secretary.

The league proposes to use every means to stimulate patriotism, systematize the work now done spasmodically, and get after slackers or those who have not taken sufficient interest in the work of helping the government.

MILLION AND QUARTER IS RAISED BY METHODISTS.

Enthusiastic Climax to Great Campaign for University Here.

OVERSUBSCRIBING their goal by more than \$100,000, the intensive campaign of the Educational Public Committee of the Methodist church of the southern conference ended last night at midnight with a total in subscriptions to the fund of \$1,255,525, according to a report read at a meeting of ministers and campaign workers in the Tajo Building by Rev. John W. Hancher of New York, one of the prime movers in the campaign.

The intensive campaign to secure the huge sum opened in the southern conference which embraces the district between San Diego and Yosemite Valley on May 17, last, although preparations for the drive had been under way for two months previous to this time and small contributions had been made.

The million and a quarter dollars was secured from \$6,000 Methodist churches during the days at an average of \$46,000 a day, according to a report read at last night's meeting and contributions were still being received. It is thought that before the campaign ends more than \$1,500,000 will have been secured.

The fund will be utilized for endowing the University of Southern California and providing better facilities for teaching. In view of the fact that war fund campaigns have drained the pocketbooks of all American citizens, the showing made in the campaign is considered as remarkable.

Among those who assisted in making the local campaign a success were Dr. John W. Hancher, general manager of New York; Dr. C. E. Leisel of Wisconsin; Prof. Tully K. Knowles, local executive secretary; Bishop Adna Wright Leonard, and Dr. Charles Coke Wood.

In speaking of the campaign's success last night, Dr. Wood said: "The local campaign is part of an educational jubilee drive of the Methodist church all over the United States to secure \$20,000,000 for the endowment and equipment of the church's educational institutions. The million raised here is the twenty-fifth million secured thus far."

Such a pile! Yet Mr. Webb says Mr. Hearst's "entire life and fortune, his very being, are now and for years have been devoted unflinchingly to the service of the nation."

PHILIP MONTGOMERY.

FUNERAL FOR PIONEER HATTER TO BE TODAY.

NATE SIEGEL WAS ONE OF THE FIRST TO ESTABLISH BUSINESS HERE.

Private funeral services will be held this afternoon at Breece Brothers' chapel for Nate Siegel, one of the first hatters of this city, who died suddenly yesterday at his home, No. 1277 Third avenue. He was 54 years old.

Mr. Siegel was a native of Vienna and came to this country when 20 years of age. Going to San Francisco he became associated with a general wholesale house but within a few months removed to Los Angeles. Here he opened a hat store at the corner of Main and Commercial streets, one of the first in the city. Soon afterward this was replaced by a new and more commodious store at Fourth and Spring streets, where it stands today. Altogether Mr. Siegel was in business here for thirty-four years.

Surviving him are his widow, Mrs. Jennie Siegel, and three children, Eleanor, Lucille and Melvyn Siegel. All have taken up a temporary residence at the home of Albert Anchor, No. 121 St. Andrews place.

FORESTERS HONOR NEW CHIEF RANGER.

REPRESENTATIVES OF ALL LOCAL COURTS MEET FOR DINNER AND TALK.

In honor of the election of Phillip H. Koehler to the office of Grand Chief Ranger, the highest state office of the Foresters of America, and also in honor of the 121 Foresters from Los Angeles who are fighting for democracy, representatives of all the local courts of the order met at dinner at Rouse's Cafe last night.

The election of Mr. Koehler, who is president of the Angeles Motor and Reeling Company, as State head of the order at the convention in Santa Cruz a month ago, was regarded as a signal success for the Los Angeles members, as the office had been held by only four Angelenos before the present.

All the speakers paid tribute to the men in the service, many referring to Eugene Pouyet, a young Canadian who was gassed in the trenches and now is in Los Angeles convalescing. Among those who addressed the board were John Casper, A. Corbly, a soldier, previous Grand Chief Ranger; M. E. Selley, Alexander Busse, T. M. Williams, Joseph Eckmann, and F. W. Cooke.

MILITARY CONCERT TO BE GIVEN SUNDAY.

The military band of the Twenty-seventh Coast Artillery from Fort MacArthur will appear at the military concert to be given Sunday afternoon at Trinity Auditorium under the auspices of the Trinity Methodist Episcopal Church, South. On the program will be many prominent soloists of California, including Florence Constantino, who will sing an aria from "La Gioconda." Miss Alda Borella and Miss Gladys Wagner, sopranos, will give numbers from grand opera.

The concert is for the purpose of properly equipping the band for its service in France as it expects shortly to begin its journey.

Vendetta!

"A LIFE FOR A LIFE!" IS WIDOWED WOMAN'S CRY.

The woman created a small-sized sensation. Martin Miklausch, the court interpreter, induced the angry Mrs. Mike Pittaso, a young Italian, charged with the murder of Jim Zaccaro, at No. 1708 East Fourteenth street, was allowed to plead guilty to the charge of manslaughter, which carries with it a sentence in San Quentin of from one to ten years.

The speaker was Mrs. Elizabeth Zaccaro, dressed in widow's weeds, who, accompanied by her five children, including Miss Lena Zaccaro, the cause of the tragedy, occupied a seat among the spectators in the courtroom. The impassioned cry of

"A life for a life!" was heard from the woman's lips.

On March 3, Pittaso went to the Zaccaro home, for the purpose of talking over his proposed marriage to the girl with the deceased, father of Miss Lena Zaccaro. A scuffle ensued, and Zaccaro was killed. The wife fired four shots at the fleeing Pittaso, but she did not succeed in even wounding him.

Pittaso was evidently satisfied with his chance to plead guilty to the lesser crime. When the jury looked out for vengeance he simply cried at her and smiled.
